History of the Purdue Archives & Special Collections Oral History Program Collection

This collection began in 2006 as a way to assist in the documentation of the history of Purdue University and its schools, departments, athletics, and student life. Archives & Special Collections. Oral history program faculty and staff identify individuals who have played an important role in the history of Purdue University. Individuals interviewed have been faculty, staff, trustees, and alumni. Katherine Markee, Sammie Morris, Valerie Yazza, and F. Bartow Culp have all taken part in this program as interviewers.

Collection Description

Scope

The Purdue Archives & Special Collections Oral History Program Collection (2006-present; 4.1 cubic feet) was created in 2006 to a way to assist in the documentation of the history of Purdue University and its schools, departments, athletics, and student life. You will find interviews with past Purdue Presidents, faculty, staff, and alumni. The interviews cover such topics as the campus environment over time, the social activities of students, Purdue academics, Purdue athletics and diversity on campus. The collection consists of transcripts of oral history interviews, and the media they were captured on: audio cassette, audio cd, vhs tape, digital recorder, and DVD. Currently, there are not transcripts for each interview.

This is an active collection and will be frequently added to on an ongoing basis.

Arrangement

- 1. Transcripts, 2006-present (1.2 cubic feet, 3 boxes).** The transcripts are housed separately from the media and are organized alphabetically by the last name of the interviewee.
- 2. Recordings, 2006-present (8.5 cubic feet, 17 boxes).** The media are separated by type and then organized alphabetically by the last name of the interviewee and include the following formats: audio cds, vhs tapes, audio cassettes, and DVDs. CDs and DVDs have separated into different boxes and then filed alphabetically.

Descriptive Rules

Describing Archives: A Content Standard

There are both audio and video recordings. The audio recordings are done on a Zoom H4 Digital Field recorder. They are then brought to the Digitization Unit in the Archives and Special Collections, where they are uploaded to the server and processed. The video interviews are recorded by ITaP. ITaP provides the ASC with a DVD, which the Digitization Unit converts to a digital form. Both audio and video interviews are saved on hard copies of CDs and DVDs.
